Product Management | Product Marketing

A decade as a Product Manager across Jetstar, carsales.com, ahm and Xero's NZ Payroll product, then leading global product strategy and GTM for a \$400M+ payroll portfolio processing \$150B+ in annual payroll for 3M+ employees across the UK, Australia, and New Zealand. Also shaped a standalone payroll product from concept to launch in three months, scaling to \$6M+ in annual revenue. Key member of the payroll leadership team alongside Product, Design, and Engineering, defining vision, strategy, and roadmap. Actively building with AI tools and optimising how I work. Former semi-professional footballer who captained teams to national championships.

KEY SKILLS

Product Strategy and Roadmap	Cross-Functional Leadership	Stakeholder Management
AI-Native Product Development	People Leadership	0 to 1 Product Development

EXPERIENCE

Senior Global Product Marketing Manager **Xero** **Mar 2022 – Apr 2026**

Key member of the Payroll leadership team defining product vision and strategy for Xero Payroll and employee management offerings across the UK, AU, and NZ, including the Planday and Deputy partnerships. Owned global product marketing strategy for the payroll portfolio and served as primary product representative on GTM programmes.

Focus

- Contribute to product vision, strategy, and multi-year planning as a member of the Payroll leadership team.
- Identify growth opportunities through research, analytics, and regional feedback to influence roadmap priorities and GTM execution.
- Lead development of Customer Value Propositions, adapting positioning to each market's local buyer behaviour and competitive set.

Achievements

- Led UK market segmentation and ICP development, identifying target customer cohorts and modelling opportunity by segment to inform annual GTM strategy and product investment priorities.
- Helped grow UK product 13% year on year with activations up 18% in six months, through quarterly experiments run with GTM and Product teams.
- Contributed to Canadian market entry evaluation as part of the new growth markets team, leading competitive and market analysis that informed the build/buy/partner evaluation.
- Led GTM kickoff for US market entry following confirmation of new partnership direction.
- Led the early positioning and announcement strategy for Xero Payroll's AI vision and features, preparing the messaging and GTM ahead of Xerocon.

Global Product Marketing Manager **Xero** **Sep 2018 – Mar 2022**

First and only Product Marketer for Xero Payroll globally, covering UK, AU, and NZ. Key member of the Payroll leadership team contributing to product vision and multi-year strategic planning across all regions.

Achievements

- Helped drive 154% revenue growth across the UK, AU, and NZ through positioning and aligning Product and Sales teams on GTM execution.
- Developed the multi-year UK payroll strategy and secured regional leadership support for the product investment roadmap needed to compete in that market.
- Developed positioning and messaging frameworks for a standalone AU payroll product, and ran the service design workshops that shaped the launch.
- Used service design to map end-to-end customer experiences across the UK, AU, and NZ, identifying opportunities to improve acquisition, adoption, and retention.

Product Manager, NZ Payroll**Xero****Mar 2017 – Sep 2018**

Owned the NZ Payroll product within a global payroll team, defining the product vision and three-year strategy through market research and stakeholder consultation, and leading cross-functional delivery.

Focus

- Own subscriber and revenue growth for NZ Payroll, managing delivery using agile and lean approaches.
- Define the product roadmap and strategy based on market research, customer interviews, and stakeholder consultation.
- Translate NZ payroll legislation and compliance requirements into product requirements and customer-facing interfaces.
- Build and lead cross-functional teams through ideation, design, scoping, prioritisation, and delivery.

Achievements

- Shipped the Contractors feature, closing a critical gap in the NZ market. Built to be configurable beyond NZ, it became the global template and rolled out as the standard experience across all international payroll regions.
- Helped grow subscribers 80% and employees paid 87%, contributing to revenue growth and market expansion.
- Aligned stakeholders across Product, Engineering, Design, and Commercial on a shared three-year vision and strategy for NZ Payroll.
- Conducted market research and customer interviews to inform roadmap priorities and validate product direction.

Founder and Director**The Football Practice****Jan 2020 – Apr 2023**

- Founded and scaled a youth football coaching business for 5-12 year olds across South East Melbourne, building the brand, curriculum, website, and booking system from scratch.
- Scaled to 50+ players across 5 weekly sessions through partnerships with schools, local businesses, and targeted digital marketing.
- Ran profitably for three years alongside a full-time senior role, capping enrolment to protect coaching quality.

Digital Product Manager**ahm Health Insurance****Dec 2015 – Oct 2016**

- Led cross-functional teams delivering site features and digital experiences aligned to a digital-first strategy.
- Reversed declining conversion trends with a 19% increase in online purchases through a data-driven redesign of the purchase form.
- Delivered a 12-13% conversion uplift by building a resume journey feature for returning visitors.
- Developed and executed the CRO roadmap, and established real-time customer feedback tools that enabled data-driven decision making.

Senior Product Manager**Carsales.com Ltd****Apr 2010 – Dec 2015**

- Managed a product portfolio of 10 market-leading online brands, defining roadmaps prioritised around customer pain points, business objectives, and technical constraints.
- Managed a team of 3 across product, providing mentorship and direction within the Product Management Group.
- Launched major releases under tight deadlines, including a complete quicksales website redesign and new iOS app within a three-month timeframe.
- Led multiple website and app redevelopment across the brand portfolio, managing complex releases and stakeholder coordination across Product, UX, Marketing, Sales, and Customer Experience.

eCommerce Product Manager**Jetstar Airways****Sep 2007 – Apr 2010**

- Led product delivery for digital booking, mobile, and airport experiences across 13 multi-language web and mobile sites.
- Designed and launched Jetstar's first Airport Lounge management system (Gold Coast), enabling online booking and automated entry.
- Led the web check-in system migration into the core reservation platform, the company's largest systems project, improving reliability and customer experience.
- Managed implementation of a world-first SMS Boarding Pass solution into the Web Check-in system.
- Created new revenue streams through flexible booking and seat selection products, directly growing ancillary revenue.
